Dear Valued Champion for Children Sponsor

Thank you for your consideration as Sponsor for the Annual Champion for Children Conference. This year our theme is ***"Making Children Champions for Life"***.

The Champion for Children Conference is celebrating 26 years of providing quality training to those who serve the children and families of the Big Country. During this time of dramatic cuts to the federal budget, causing other conferences to shut down, travel and training budgets being reduced or cut completely, we are honored and grateful for the support of our partners and corporate sponsors and continue to seek and secure additional corporate sponsors and foundations, to allow us the opportunity to be non-reliant on federal government dollars for our ongoing success of training professionals who advocate for children. Champion for Children mission is to design a 1 ½ -day Conference to energize and mobilize people to put into action ideas that will improve the lives of abused children in our communities and to provide leadership on child abuse issues.

The Annual Champion for Children Conference is March 27-28, 2025, held in Abilene Texas. The conference will explore key themes related to resiliency in children and their families. This will include a focus on concepts and theories of resiliency in children and families across cultures, interventions that help build resiliency in children and families, including prevention and treatment, research methods and findings from the study of resiliency across cultures and contexts. This conference will be of interest to:

- law enforcement
- clinicians
- medical support nurses
- family workers
- social workers
- counselors
- educators
- child advocates
- youth workers
- community workers
- people from the voluntary sector

The conference serves as the "kick-off" event for Child Abuse Prevention month which is recognized every year in April. The conference hosts a special luncheon in honor of Texas children and Child Abuse Prevention month. The Champion for Children Luncheon recognizes individuals and businesses that make a positive difference in our area. In 2005, the Champion for Children awards were created to provide an opportunity for the community to come together and honor the often-unsung heroes who strive to help children overcome trauma and reclaim their lives. The award celebrates the life changing work of professionals in our community.

Champion for Children Conference is a grassroots organization of collaborative entities and does not have an independent 501 (c) (3), but a W9 is available upon request. We would like to thank you for considering our request to become a Champion for Children Sponsor. If you have any questions regarding our organization or the event being organized, please feel free to contact me at 325-280-6133.

Yours sincerely,
Kim Copeland
Exhibitor and Sponsorship Chair

Conference at a Glance

Conference Overview

In March 2025, the Champion for Children (C4C) conference will bring together more than 300 professionals from Big Country to discuss the importance of being advocates, champions and leaders against child abuse; and to learn best practices and current theories on ways to serve their client populations.

The conference offers an unparalleled opportunity to network with colleagues, meet state and national experts, and gain new knowledge and skills. As an exhibitor, you have the chance to make connections with attendees who are seeking information about products and services that can help them do their jobs and serve their clients more efficiently.

You will have an opportunity to meet key professionals with purchasing power, private practitioners that need small business products and services, and other helping professionals as they discover what's new, what's important, and what works, and how to apply the latest best practices in their daily work. Professionals are constantly looking for products and services that help streamline administrative efforts and increase positive outcomes for their clients. Conference participants will also return to work and educate their co-workers about their conference experience, which will include information about exhibitors.
